

ABSTRACT FROM THE STATUTE OF THE  
*Association Christian Convergence 3.0*

TITLE I: CONSTITUTION - NAME - HEADQUARTER - GOALS

Art. 1

The Association named "Christian Convergence 3.0" (in Italian "Convergenza Cristiana 3.0") is established for unlimited duration according to the chapter III of the book I of the Civil Code. Its headquarter is located in Rome.

Art. 2

Christian Convergence 3.0 :

A - is a cultural association whose main goal is to focus on the role of citizens as people, and is based on the principles of Church's Social Doctrine and on the values and traditions of the Christian civilization, and aims at tackling social inequalities, protecting the family institution, and favouring the full empowerment of the people.

B - one of its main goals is to gather and provide unitary representativeness at a political, civic, and cultural level, to the organizations, the movements and the groups inspired by the principles of the social doctrine of the Catholic Church and of its Catholic theology.

C - in order to achieve its goals, it is engaged in elaborating a social project and in defining a comprehensive cultural model to be accomplished thanks to the convergence of intents of all the movements and groups previously mentioned, which would act as socially conscious individuals driven by the same general principles and founding values of "Christian Convergence 3.0". We are actively and seriously committed to Italy's spiritual, civic, and moral rebirth.

D - the ideal and constitutive cornerstones of "Christian Convergence 3.0" are the Italian Constitution and the natural law it is founded on: the promotion and defence of life from its conception to its natural end, the natural family, the marriage understood as union between a man and a woman, where women are not discriminated but treated equally.

For these reason “Christian Convergence 3.0” -

- Is committed to the protection and defence of the family as fundamental and essential core of the civic society and of the State community.
- Conceives politics as an dignified activity, aimed at the citizens' common good, to be promoted especially among the youngsters
- Promotes an economic development model where the State intervention, aimed at achieving the common good and the universal value of solidarity, is to be instrumental in reducing the cultural, social, and economic inequalities among the citizens, and in boosting investments and economic development, in the broader peace-building perspective.
- Promotes any eligible initiative aimed at making the European community a real union of States acting for the common interest.
